School Attendance
Proportion of people who are poor and deprived in ...

Notes:
This thematic map reports the MPI results at the lowest level of disaggregation permitted by the existing data.

The figures are available at sub-national level for 683 regions of 66 countries, and only at the national level for the remaining 43 countries. The poverty estimates correspond to the most recent available data.

Tables with full results and interactive maps of the MPI are available on the OPHI website:
www.ophi.org.uk/policy/multidimensional-poverty-index/

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by OPHI or the University of Oxford. This map is intended for illustrative purposes only.
