Papers

If you haven't already, do send your paper as soon as possible so that it can be made available to the discussant(s) and copies made for the workshop.

While some copies of the papers will be available in the meeting room prior to each session, the online version (you have been sent the 'private' link) will be the most up to date.

If you wish to make a PowerPoint presentation please send me the file as soon as possible so we can check that it is compatible and pre-load it onto the equipment; this helps ensure there are no great technical hitches on the day. Overhead projectors, LCD projectors, flipcharts, etc. will also be available (we ask that you bring your own slides/transparencies if you plan to use them).

Expenses and reimbursement

To ensure that reimbursements are completed quickly, I would be grateful if you could email me any e-tickets that you may have. Please also bring any other transport receipts with you when you come to the workshop.

In addition, please either email me your international bank details, or have a copy of them with you at the workshop. This will also help us to process payments as quickly as possible.
